

CaterSafe Silver

Making the difference...

About Us

IEM Caterquip is an East Anglian based company and forms part of the Vertas Group, a fast growing facilities management business.

At IEM we specialise in the supply, installation, maintenance and service of all makes of commercial catering and laundry equipment.

We are main agents for Manitowoc Food Service, Moorwood Vulcan, Garland, Convotherm, Lincat, Blue Seal, Sammic, Falcon, Foster Refrigerator, Hobart Independent and other major manufacturers in the industry.

Our engineers have full Gas Safe accreditation for both natural and LPG installations. They are fully trained in all aspects of the repair and maintenance of both gas and the electrical equipment associated with the catering trade, including food preparation equipment, cooking and dishwashers.

Our teams are fully proficient and qualified in the installation of complete kitchen solutions including external extraction with full gas interlock systems. We also fabricate to customers' specification and install stainless steel tabling, sinks and dishwasher inlet and outlet systems.

CaterSafe Silver

CaterSafe Silver is our basic equipment service.
This service includes:

- ➔ **Reactive Repairs and Parts Replacement** (up to £1,000.00)
- ➔ **Annual Gas Service**
- ➔ **Annual Portable Appliance Testing (PAT)** on electrical equipment
- ➔ **Annual Electrical Appliance Testing**
- ➔ **Annual Extraction Cleaning** – canopy, extraction filters and lights in canopy (duct work not included)
- ➔ **Annual Forward Maintenance Plan and Asset Management**
- ➔ **Site Visit Following the Interruption of Gas** – following a gas leak and the termination of gas supply by the main provider, IEM will investigate the source and rectify where possible
- ➔ **Helpdesk** – Monday - Friday: 8am - 5pm
- ➔ **Advice, Support and Planning** – on new equipment and kitchen builds.

Annual Cost for CaterSafe Silver

£1,800.00

For charging rates and further details, please see Inclusions and Exclusions overleaf.

Combi Bolt On

The Combi Bolt On is ideal for sites that have Combination Ovens. Combination Ovens are a versatile piece of equipment however they require a lot of care due to the different cooking systems and therefore require annual servicing. We would recommend that you select a Combi Bolt On for one or two Combination Ovens onto your preferred CaterSafe. The services included are:

Annual Service

Annual Brita Filter Change

Manufacturers Training

Annual Cost for single Combi

£200.00

Annual Cost for 2 Combi's

£400.00

.....
