

Grounds Maintenance

About us

Our grounds maintenance service is tailored to your individual needs and budget; ensuring a truly bespoke offer.

Our team is made up of highly skilled individuals, who undertake a variety of activities including:

- Grass cutting
- Hedge cutting and flailing
- Weed control
- Bed and border maintenance
- Pruning
- Line specialist marking
- Playground marking
- Artificial surface maintenance work
- Specialist cleaning
- Sports field maintenance and much more.

What can you expect from Vertas' grounds maintenance service?

Our grounds experts will partner with you and together create an outdoor environment that's fit for purpose. A dedicated Regional Manager will make an initial site visit to discuss your requirements and create a bespoke solution.

Our trained staff will assess your site, record accurate measurements and price accordingly. We offer 'one-off' services and can create a longer term contract solution.*

Once we agree to work together, we will create a schedule of works, pre-programmed work sheets and site plan.

**All quotations are fixed for two months.*

Fully trained and qualified staff with the following:

- PA1, PA6 spray certificate
- Enhanced DBS
- Safeguarding training
- Safe use of equipment training
- First aid and manual handling training.

Compliance with health and safety

- Up to date Risk Assessment and Method Statements
- Environmental regulations
- COSHH assessments
- Safe Systems of Work
- Internal and external audits.

As well as carrying out a general grounds maintenance service we can also offer specialist services such as:

Verti Draining

Following the purchase of the new Redexim Verti drain 7215 we can now offer and carry out this work with **competitive rates**. Using the Verti-Drain improves the drainage on all grass surfaces, with deep tine aeration this will increase stronger roots, improve the drainage as well **as giving you a better playing surface for all type of sports.**

Fertiliser applications and selective weed control to sports fields

We currently carry out fertilising application to schools, parish councils, football clubs and county and borough councils sites. Using spring, summer and autumn fertiliser will encourage good root growth and strong top growth for a ideal playing surface. Using selective weed control **you too can have a surface of this quality.**

Artificial Cleaning Multi Use Games Area (MUGA)

Artificial cleaning of MUGA and artificial grass areas as well as the weekly brushing of the surface.

We can offer a complete deep clean on either sand filled or rubber crumb surface which can include topping up with materials as well as weed and moss treatments to **prolong life of the carpet.**

Testimonial

Ken Seager, client, Sproughton Millennium Green, said:

"I am delighted to say that many folks have commented on the quality of the work undertaken to maintain the grass surfaces at the Millennium Green in Sproughton. I would like to thank Vertas for the professional, efficient and friendly service we've experienced. It has been a particular pleasure to meet staff face to face on site and discuss our needs. The prompt attention you've given us is much appreciated, thank you.

I also wanted to thank you for your advice on our trees. These have been a source of concern to us for a long time, but now, due to your professional and thorough tree survey and the quality of the prompt work undertaken by your tree surgeons, I am much more relaxed as winter approaches.

All in all, an excellent year and we look forward to your continuing service. Please pass my thanks to all concerned. Everybody I've met on site has been a credit to Vertas."

Shaun Swan
Regional Grounds
Manager

Shaun has over 30 years' experience in the management of external spaces. At the age of 16, Shaun began his career at a local garden centre and nursery then moved on to be Head Gardener at Gunton Hall where his career flourished. Shaun then joined local government where he had a hand in leading the county's ground service and now is a award-winning manager within Vertas. Over the years Shaun has gathered a wealth of experience which he calls upon when advising clients for their grounds maintenance needs as well as other specialist areas.
